TRIBUTE PORTFOLIO

Villa Ermellina is Siena's new benchmark for luxury hospitality: an urban resort that blends the aristocratic elegance of the past with a contemporary spirit, designed for both sophisticated travellers and high-profile events. Located just 2.5 km from Siena's historic centre, the property is set within more than four hectares of parkland, with privileged views over the city skyline and the Val d'Orcia.

Villa Ermellina was reborn through 753 Hospitality Group, in partnership with Marriott International, joining the prestigious Tribute Portfolio collection – Marriott's brand dedicated to independent hotels with distinctive character and a strong sense of place.

"A place where Tuscan heritage and contemporary refinement converge, embracing the legacy of Marchesa Ermellina and transforming it into a unique sensory experience."
